

Children's Health – Dallas Campus

Most students will report to the observation area and ask for the charge nurse.

For students assigned to observation experiences in PeriAnesthesia:

Report to Surgery waiting room from C Tower Train elevators; 2nd floor

- 0630 students to be delivered to the pre-op area
Check in with the charge ext: 214-456-5188
(note: the student will observe a PCT in pre-op until RNs arrive at 0830)
- 0830-0900 the student will go to PACU and be assigned an RN for the remainder of the day

For students assigned to observation experiences in OR and GI lab:

Report to Surgery Control Room C2428

For students assigned to observation experiences in Radiology:

Report to Radiology on 1st floor C tower. Charge Nurse x214-456-4411

For students assigned to observation experiences with PICC team:

The PICC team has an office on the 1st floor behind the butterfly elevator at D1-350. The easiest way to contact them is 214-456-9050. If they have no students for the day they may find instructors and ask if students can join them. This is up to instructor discretion and does not need approval from observation coordinator.

CCBD - D6 high side charge nurse alcove

ED – Find Flow RN at ED Check in Area Lower Level

PICU - C12

TICU - C11

CVICU D3- check the assignment sheet by employee D tower elevator. They are trying to put the student name next to a nurse.
